## TOBACCO MEN CONSIDER CUT-OUT OF CROP.

Twenty-eight burley growing counties of Kentucky, Indiana and Ohio were represented Wednesday in a meeting of tobacco growers in the ballroom of the Phoenix Hotel, in Lexington, to consider a cut-out of the 1921 crop of burley tobacco and the substitution thereof of food crops.

That sentiment in favor of the cut-out predominated was evident from the tone of most of the speeches and the applause given the advocates of a cut-out.

Picking of the 1920 crop also was advocated. Former Commissioner of Agriculture J. W. Newman presided, after C. M. Dean, of Carrollton, had called the meeting to order, and both Mr. Newman and Congressman J. Campbell Cantrill, who were the first speakers, opposed a cut-out. Mr. Cantrill on the ground that the production this year might be only equal to the needs of the manufacturers, and Mr. Newman on the ground that the better way was for the growers to organize now.

That the question of the cutting out of the 1921 crop be put up to the growers in county meetings to be held Saturday, Aug. 14, but that the meeting itself favored the cut-out was the sense of resolutions adopted at this session.

## YEARLINGS BRING BIG SUM AT SARATOGA.

A brilliant assemblage filled the Paris-Tipton sales mart, in Saratoga, Wednesday night, at the introductory auction of yearlings for this season. At times the bidding was spirited, the choicer offerings being eagerly sought after. There were 40 yearlings to go under the hammer, and they comprised the consignments from the Short Grass Stud Company, Haylands, Boigowan Stud, C. H. Berryman, Carr and Pratt and W. W. Darden. The aggregate amount realized for the 40 head was \$109,850, a grand average of \$2,746.25.

## SCHOOL LAWS WILL BE ENFORCED.

All children of school age in Paris and Bourbon county must go to school. This is the mandate that has been issued by the school authorities. The change of books will come later and definite information as to this will be given out soon. Teachers have been given information regarding the compulsory school attendance law, and the truancy officers will see to it that it is obeyed.

## RESIGNS AS MANAGER

Miss Lucy Henry has resigned her position as manager of the local office of the Western Union Telegraph Co. The resignation is to become effective as soon as her successor is appointed.

## THE CONGRESSIONAL PRIMARY ELECTION TO-MORROW

The August primary election for the purpose of selecting a candidate to represent the Seventh District in Congress will be held to-morrow. The polls will be opened at six o'clock a. m., and will close at four o'clock p. m.

The contest for Congressional honors will be between the present incumbent of the office, J. Campbell Cantrill, and Attorney Robert E. Lee Murphy, of Lexington. Mr. Murphy opposed Mr. Cantrill for the nomination several years ago, losing the struggle by a large majority. Mr. Cantrill will have a large lead over his opponent by reason of his excellent record in the office, and should be returned a victor by a large majority. The election will not likely excite any great interest, and the stay-at-home vote will make a large difference in the figures at the close.

As this is a Presidential year it is the duty of every Democrat to go to the polls and cast his vote, even if it is only a primary for Democratic candidates. The result will count largely in making up estimates for the coming struggle in November, when the candidates of the two great parties go to the polls for the endorsement of the voters of their respective parties.

The ballots for the primary were furnished from THE NEWS job rooms, as well as all the necessary supplies, and were in the hands of County Clerk Paton on time. It is now up to the voters to make good use of the ballots and nominate J. Campbell Cantrill for re-election.

## CONDUCTOR'S TRAIN KILLS SON-IN-LAW.

The body of Bruce Fennell, Louisville & Nashville brakeman, who was killed by a L. & N. northbound passenger train Wednesday, was brought to Paris, and taken to the undertaking establishment of Geo. W. Davis, where it was prepared for burial. The body was sent to the dead man's old home, at Morningview, where it was interred.

Fennell was a member of the crew of an extra freight, standing on the siding at Shearer, waiting for the passenger train to pass. Fennell was stepping to the track on which the passenger train was running, misjudging the distance and before he could jump for a place of safety, was struck and run over by the engine. When Capt. Brady, conductor of the passenger, went to ascertain the trouble, he was horrified to discover that the dead man was his son-in-law. Young Fennell is survived by his widow and one child.

## K. OF C. HAVE SUCCESSFUL PICNIC.

"Huge success" was written large Wednesday as being the outcome of the picnic given in the D. G. Taylor woodland on the Lexington pike, near Paris, by P. I. McCarthy Council, Knights of Columbus, of Paris.

The big woodland was turned into a veritable fairland, and with its teeming hundreds of pleasure seekers presented an inspiring spectacle. Games and amusements of various sorts helped to while away the time. There was something doing all the time, and enjoyment only seemed limited by the capacity of those present to take it. Music for the day was furnished by the famous Boys' Band of Maysville, one of the chief attractions on the picnic grounds. A conservative estimate made by men who have made a business of estimating crowds placed the number present through the day at 1,500. Many from surrounding towns came to help out the attendance. Several big truck loads from Maysville, Lexington, Cynthiana, Winchester, and other surrounding cities came in early.

The picnic netted a large sum for the Knights, which will be devoted to charitable work. It would be impossible in this limited space to enumerate all the features of the entertainment for the day, but suffice it to say that it was one of the most thoroughly enjoyable events for Paris in a long time.

## IN A TIGHT FIX

John Bayless, well-known stockman and cattle buyer, may have been in some tight places, but it is doubtful if he ever found himself in a worse fix than he was the other day.

Mr. Bayless was returning from a trip to the country, riding in his old reliable buggy drawn by the old familiar gray horse. As he approached a point near the Windsor Hotel, he was caught between two big motor trucks approaching from opposite directions. In trying to avoid one Mr. Bayless did not see the other big machine. The buggy was caught between the machines much in the manner of a grain of corn between two millstones. The vehicle was completely demolished. Mr. Bayless and his horse escaped injury. The trucks could not be stopped in time to avert the accident.

## GROCERY CHANGES HANDS.

The final steps in the purchase of the Dan Jordan grocery business by the Parakeet Mineral Water & Grocery Co., was effected Monday, when the company's official representative, J. J. McBride, of Louisville, took charge as temporary manager.

The new owners will operate the grocery along the co-operative lines of a chain of similar establishments they have put in business in different towns in Kentucky. The grocery will be restocked and the whole establishment brought to a state of completeness, ready for the business which they anticipate.

## PAINTERS OF PARIS ARE SATISFIED AT HOME.

A representative from a Cincinnati employment bureau has been in this city in an endeavor to secure painters for that city. He did not meet with much success here, as the local men are receiving good wages, and report that they are ahead of the game at that, since there is no extra expense attached to their work here, and they can be at home with their families.

There is a scarcity of house painters in Cincinnati, and the "bosses" are scouring the country in an effort to recruit a sufficient number of men to carry out their large contracts. In many cases they have offered men wages considerably above what they are getting at home. It is known there has been a strike on for months in Cincinnati and contractors and journeymen painters have been wrangling for some time. The local men were not impressed with the proposition placed before them, and not one of them accepted it.

## CHARGED WITH BOOTLEGGING

Millard F. Patrick, residing on Pleasant street, in this city, was placed under arrest Tuesday by United States Marshal Oscar Vest, on a warrant charging him with transporting and unlawful possession of whisky in local option territory. Marshal Vest took his prisoner to Frankfort, where he was given a hearing before U. S. Commissioner Charles Ward. Patrick pleaded guilty to the charge and was held over to the Federal grand jury.

## IMPORTANT CLUB NOTICE

All women of the city and county who are interested in the organization of a Womens Club, are cordially invited to attend a meeting to be held in the Club rooms, at the residence of Mrs. William Myall, on Monday afternoon, August 9, at 2:30 o'clock.

Don't be hasty in jumping at a conclusion. You may not be able to collect your insurance.

Why wouldn't the pink of propriety be an appropriate flower for our national emblem?

## HOLDS DOCTOR UNLIMITED IN WHISKY BLANKS

Federal Prohibition Director Jas. H. Combs was restrained from limiting the number of prescriptions a physician may issue in a decision handed down by United States District Judge A. M. J. Cochran, Monday and made public Wednesday.

The decision was made in the case of Dr. Francisco Simpson, of Louisville, against Prohibition Director Combs, asking that the court issue an injunction restraining Director Combs from refusing to issue him additional blanks.

Judge Cochran handed down his opinion in the case at his home in Maysville and forwarded the document to United States District Clerk John Menzies, at Covington, the opinion arriving Wednesday.

The injunction requested against Director Combs is granted, by Judge Cochran, who in his opinion, sharply criticized Director Combs for the manner in which he has proceeded in the case. The opinion is twenty-two pages in length. A copy will be mailed Director Combs and Dr. Simpson as soon as they can be prepared, Deputy Clerk Finnell announced.

## HOLD-UPS AND BURGLARIES

A man giving his name as Wagner reported to the police Wednesday night that he had been held up on South Main street, by negroes and robbed of a sum of money and some articles of clothing. Wagner later told a Paris man that he had two gallons of "corn whisky" which he estimated as his principal loss. He alleged that he was held up by a pistol in the hands of a tall heavily-built negro, while two others relieved him of his possessions. All the men, according to Wagner, wore blue overalls and shoueh hats. After robbing him they ran in the direction of the L. & N. South Paris yards.

A High street home was entered a few nights ago during the temporary absence of the family, and a purse containing about fifty dollars and some small change, was taken from a drawer of a dresser belonging to a lady rooming on the second floor. The dresser had been ransacked from top to bottom, a jimmy being used to break the drawer locks. The police were notified and a suspect is being watched in hopes of securing a good case against him.

A remarkable circumstance in connection with the burglary was told THE NEWS. The lady of the house while in Lexington a short time ago, out of curiosity, consulted a clairvoyant. In the course of the call the clairvoyant told her that her house would be visited by a negro burglar, who would obtain entrance through her son's room, and that he would steal a sum of money. The clairvoyant gave a description of the marauder, and this is being used in the search for the burglar.

## FARM AGENTS VIEWED AS SUSPICIOUS CHARACTERS

Chief of Police Link was called by telephone Wednesday afternoon to the Paris Distilling Co.'s plant on the North Middletown pike, the messenger stating that three men were in a cornfield closely acting in a suspicious manner.

Chief Link went to the scene in his automobile, and soon located the men busily engaged in inspecting the corn in the field. Going up to them he stated the reason for his visit, and was almost dumbfounded when they presented credentials from the Agricultural Experiment Station at State University. They were making investigations of the corn crop for the suspected presence of the borer beetle, an insect that causes great damage to growing corn. Chief of Police Link returned to Paris after reporting to the distillery men that the suspects were "hunting bugs instead of booze."

## TO ADMINISTER ESTATE

In the County Court, Tuesday, Judge George Battenton appointed Brutus J. Clay and Buckner Clay as executors of the estate of their father, Col. E. F. Clay, who died at his home near Paris recently. The appointees qualified by furnishing bond in the sum of \$100,000.

Judge Battenton also appointed Nannie Watts as administrator of the late George Watts. Mrs. Watts qualified for the trust by furnishing bond in the sum of \$1,000, with O. T. Hinton and Fritz Watts as sureties.

## NEW GROCERY OPEN.

The formal opening of the Parakeet Mineral Water & Grocery Co., successors to Dan Jordan, will take place to-morrow, Saturday, August 7. This is a co-operative enterprise, financed by local people, and should merit the patronage of our people. See their big ad in this issue of THE NEWS.

## SLUMP IN REAL ESTATE

There has not been much doing in real estate circles in Paris for several days, the market manifesting a most decided slump, due to a variety of causes. The decrease has been sudden, and thus far very decided, since there has been no resumption to speak of in the transfer of property.

## GARTH FUND COMMISSIONERS REPORT.

The report of the Garth Fund Commissioners, submitted to the Bourbon Fiscal Court, at the meeting held yesterday, was approved by the Court. The report is as follows:

"The undersigned Garth Fund Commissioners are submitting herewith for your consideration and approval the subjoined list of young men selected as beneficiaries for the school year 1920-1921. A large number of the twenty-three old beneficiaries did not seek assistance from the fund for the next year. There is a very regrettable tendency on the part of many beneficiaries to leave school before they have finished their work, even in the local High Schools of the county. Very few, indeed, are persistent enough to finish in our colleges. No doubt the benefactor, Mr. Garth, intended to educate bright boys thoroughly. So we think it would be the part of wisdom to encourage young men to continue their studies until graduation from a standard college. The dearth of laborers on the farm and in every line of work has, we think, caused many benefactors to quit school, being attracted by the high wages now paid to the unskilled. One thoroughly educated man is worth more to the country than a score of the half-educated and inefficient. The cry of the world is for intelligent, capable, educated men and women.

"Those recommending applicants should be sure of the mental, moral and financial status of the boy. The Commissioners very often have no other way of judging of the worthiness and fitness of applicants except as they are recommended to them by friends and neighbors. Therefore, we insist that citizens look well to the merits of those whom they would recommend to the Commissioners for assistance.

"Old Beneficiaries and Allowances—John Brown, \$25.00; Collins Hall, \$100.00; James Faulconer, \$100.00; Leslie Smith, \$100.00; Ussery Taul, \$100.00; Geo. Browner, \$50.00; Elgin Story, \$50.00; Basil Hayden, \$200.00; Lawrence Soper, \$150.00; Fred Hill, \$150.00; Edgar Estes, \$125.00; Thornton Ogle, \$40.00; Lauthman Woods, \$125.00.

"New Beneficiaries—Horace M. Clay, \$150.00; James Reed, \$25.00; Richard Metcalfe, \$100.00; Roy Fields, \$50.00; G. W. Ewalt, \$25.00; Bernard Taylor, \$25.00; Smizer Harp, \$25.00; Bruce Gardner, \$25.00.

"All of which is hereby respectfully submitted to the Court.

"E. M. DICKSON,  
"JOHN T. COLLINS,  
"C. M. THOMAS,  
"Garth Fund Commissioners."

## FROM TEXAS TO DAKOTA

Two families, with their household effects loaded in giant motor trucks, passed through Paris, Wednesday, en route from Wichita Falls, Texas, where they had been residing for several years, to South Dakota, where they will locate.

The families consisted of R. C. Gracey, his wife and four children, T. C. Boone, wife and three children.

The party stopped at a local restaurant for lunch. To a NEWS man's inquiry, one of the men stated they had had a fine trip overland, camping out at night, the weather being favorable all the time. They had a complete camping outfit among their equipment. They had been engaged in the oil business around Wichita Falls, but becoming tired of the game decided to emigrate further North.

All the members of the party were in excellent health. After lunch they left for Frankfort, and will proceed from there on their journey North. Mr. Gracey told THE NEWS man that of all the country they had passed through, Kentucky, and especially the Blue Grass section, was the most prosperous looking and the most beautiful they had looked upon.

## L. & N. WINS WIRE POLE REMOVAL SUIT.

Poles of the Western Union Telegraph Company may be removed by the Louisville & Nashville Railroad Company from its right of way the United States Circuit Court of Appeals ruled at Grand Rapids, Mich.

This action dissolved the injunction granted the Western Union by Judge Walter Evans in the United States District Court.

It applies only to Kentucky and is based on a State law forbidding a telegraph or telephone company from taking the right of way of any railroad by condemnation proceedings.

## WINCHESTER HAVING SCHOOL TROUBLES, ALSO.

Winchester is making an effort to retain Kentucky Wesleyan College, just as Millersburg tried to retain it a number of years ago before its removal to Winchester, and like Millersburg has been recently trying to retain Millersburg Military Institute which will become a high school. The Methodists propose to concentrate several small colleges and schools in one big college at Louisville, and K. W. C. is included.

### THREE AUTOS TO EVERY MILE

The Federal Bureau of Public Roads shows that there were 7,565,446 motor vehicles of all types registered in the United States during the calendar year of 1919, an increase of 23 per cent. over the previous year. License and registration fees alone last year amounted to \$64,700,000, and practically all this sum was devoted to road maintenance and construction. The highway officials estimate that there are 2,475,000 miles of highway in the country, and a simple long division problem shows that there are three cars to every mile of highway. Alabama, Arkansas, Mississippi, Montana, North Dakota, Oklahoma, South Dakota and Wyoming have one car or less for every mile and a half of their roads. But Rhode Island brings up the average by producing more than twenty cars to a mile. Massachusetts has thirteen and two-tenths cars to the mile and New Jersey's average is only slightly less. California has seven and eight-tenths cars to the mile.

## COMMISSION APPROVES NEW INCREASED RATES

WASHINGTON, August 5.—Increases in freight, passenger, Pullman and other railroad rates approximating an unofficial estimate of \$1,460,000,000 have been approved by the Interstate Commerce Commission, effective on five days notice by the carriers to the commission and the public.

The advance is 40 per cent in railroad freight rates in the East; 25 per cent in the South; 35 per cent in the West, and 25 per cent in the Mountain-Pacific territory.

Passenger fares were increased 20 per cent, the amount asked by the railroads to help in absorbing the \$600,000,000 wage increase granted by the Railroad Labor Board.

A surcharge of 50 per cent on rates for sleeping and parlor cars was granted together with a 20 per cent increase in the rates on excess baggage and 20 per cent in the rates on milk.

The freight increase total is estimated at \$1,134,000,000 on the basis of 6 per cent. on the \$18,900,000,000 placed by the commission on the properties of all the roads. The increase of 40 per cent in the East is estimated to yield approximately \$750,000,000.

The 25 per cent. granted Southern roads is estimated to yield about \$100,000,000, while the Western and Mountain-Pacific roads will get an increased return of about \$284,000,000 on freight rates.

This total is about \$200,000,000 less than the amount for which the railroads asked to absorb the \$600,000,000 wage award by the Railroad Labor Board and to bring their net income to the 6 per cent. provided for in the transportation act.

To the increase of \$1,134,000,000 to the nation's freight bill will be added an increase in passenger rates aggregating \$232,827,989; an increase in Pullman rates aggregating \$43,639,344; an advance in excess baggage rates approximating \$1,420,999 and an advance in milk rates of about \$5,000,000.

The increases granted are designed to give the roads a net of 5½ per cent. on one-half of one per cent. to make what the commission described as "appropriate provision for additional improvements, betterments or equipment of a character chargeable to capital account."

The commission also gave electric railway lines permission to increase their freight rates by the same percentage as were approved for truck lines in the same territory. The commission added that this was "not to be construed as an expression of disapproval of increases, made or proposed in the regular manner, in the passenger fares of electric lines."

Coastwise steamship lines were authorized to increase their freight rates "to the same extent as herein granted the railroads operating between the same points or in the same territory." The commission ruled that in construction of rail-and-lake rates the present parity between Chicago and Duluth should be maintained.

In arriving at the increases the commission placed the valuation of the railroad properties at \$18,900,000,000 as against the \$20,616,000,000 estimate of the railroad executives.

The increases may become effective on five days' notice given by the carriers to the commission and the public and they must be put into effect before January 1, 1921. Since the government guarantee to the roads expires September 1, it is generally expected that the advances will be put into force before that date.

The commission authorized the application of the general increase to the rates on commodities. Special rates have heretofore prevailed and the charges therefore will be increased according to percentage ordered in the various groups.

In their original application for increases, the roads divided the country into three groups—Eastern, Western and Southern. They asked freight rates increases of 39.75 for the Eastern, 32.63 for the Western and 38.91 for the Southern.

The commission divided the Western group into two, the Western and the Mountain-Pacific, the latter taking in the territory lying between the Pacific Coast and the eastern base of the Rocky Mountains.

The commission also, on its own initiative, applied the general increases to all special services performed by the carriers. It explained in its decision that the railroads had not included this provision in its proposal, but stated that this was due to a misunderstanding.

It therefore authorized the increases to apply to switching, weighing, diversion, reconsignment, light-erage frontage, storage and transfer and such separate charges as may be made against the shippers for any other special services.

With respect to the prevailing rates on commodities which are transported under special traffic arrangements, the commission ordered that the general increases should be added to the present freight charges.

This will include the rates upon a number of individual commodities, such as coal, lumber, cement, fruits and vegetables, petroleum, brick and other building material, livestock, packing-house products, ore and fertilizers.

## LIGHTNING CUTS CAPERS

Lightning, after striking a tree close to the home of Mrs. Nannie Owens, at Augusta, Ky., tore a number of holes in the ground, went under the house, tore a doorstep in two in the back part of the house and weatherboarding off in front. The front steps were knocked in the air and torn to pieces. No one was at home at the time.

## New Classification.

Junior, pointing to a fox terrier's little short tail, exclaimed: "Say, daddy, I wish you'd buy me one of these cute little short stem dogs."

## SOCIALISTS FOUND GUILTY

CHICAGO, August 5.—William Bross Lloyd, millionaire Socialist, and nineteen other members of the Communist Labor party, have been found guilty by a jury of conspiracy to overthrow the government of the United States.

Lloyd was given a sentence of from one to five years in the penitentiary and a fine of \$2,000. The other nineteen defendants received sentences ranging from a year in jail to five years in the penitentiary. A few received fines in addition.

The sentences are for the state penitentiary and the Cook County jail.

The defendants were charged with conspiracy to advocate the overthrow of the government by force; conspiracy to publish or distribute printed matter advocating overthrowing the government by force; conspiracy to belong to an organization advocating it, and conspiracy to attend meetings at which overthrowing the government by force was advocated.

A motion for a new trial was made by the defense, and the court will hear the motion September 25. Maclay Hoyne, state's attorney in a statement issued after the verdict, called it a "signal victory for the entire United States."

"In this trial Red radicalism was driven into the open," said the statement.

"One important issue decided by this jury is that the red card of the I. W. W. is international and not American, and that the only card recognized as American is the card of the American working man in the American Federation of Labor."

The defendants were indicted under a new Illinois law against criminal syndicalism. They were among three hundred suspected radicals taken in a raid in Chicago by State's Attorney Maclay Hoyne last January, which was made the night preceding the nationwide raid, instituted by Attorney General A. Mitchell Palmer.

The trial began on May 10, and nearly nine weeks were consumed in electing a jury.

The state centered its attack on Lloyd the most prominent of the defendants and the son of a Boston philanthropist. He was charged with openly advocating a revolution of the masses against the government and was alleged to have said in speeches that "banks should be blown open to get money to finance the revolution and armories should be rifled for ammunition."

Several newspapermen who reported speeches made by Lloyd were among the witnesses against the millionaire and his associates and Mayor Ole Hansen, of Seattle, also testified. Masses of documents issued by the Third Internationale at Moscow, the Industrial Workers of the World and similar organizations were introduced as evidence.

The defendants' chief defense was that "they were exercising the right of free speech," when making the various alleged seditious statements and that they had in no way violated their rights "as citizens of a free republic."

Three women, indicted at the same time as Lloyd and the others now are awaiting a separate trial. They are Margaret Prevee, of Akron, Ohio; Helen Judd, of Chicago, and Clara Refsky, of Chicago.

## DESTRUCTIVE FIRE IN NEW ORLEANS WAREHOUSE

NEW ORLEANS, August 5.—Nearly one and a half million dollars is estimated as the loss resulting from the fire which destroyed one section of the mammoth warehouse of the Appalachian Corporation of Louisiana, which covered the block bounded by South Peters, Erato, Thalia and South Front Streets.

The burned section was largely filled with sisal, 30,000 bales of which, valued at \$780,000 were destroyed. The entire building was valued at \$1,600,000 and the section destroyed was valued at \$400,000. About \$200,000 in other merchandise was destroyed and it is estimated that nearly \$200,000 damage was caused by smoke and water in other parts of the building. Officials of the corporation said the loss was fully covered by insurance.

## Chance Not to Be Missed.

## IN YE OLDEN TIME

Hoop skirts were worn by those who first asked the druggist for, and insisted on having, the genuine Golden Medical Discovery put up by Dr. Pierce over fifty years ago.

Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any remedy today.

Dr. Pierce's Favorite Prescription for weak women has never been equalled for the distressing complaints incident to womanhood. What others say:

COVINGTON, Ky.—"I have taken five bottles of Dr. Pierce's Golden Medical Discovery and am proud of my good health. Every winter I would have three or four spells of La Grippe and I used to get such weak spells, but I am stronger now than I ever was in my life."—MRS. IDA HILES, 1532 Banklick Street.

## PHONE GIRLS QUIT

Because of an article in a Maysville paper criticizing the service the eleven operators of the Maysville telephone exchange quit work temporarily. They claim the criticism was uncalled for and that they had done their best to keep up the service. The long-distance line was also held up. The difficulty was finally settled satisfactorily to all parties and the operators resumed their places at work.

## SURVEY SHOWS TOBACCO BLIGHT NOT SPREADING

Surveys made indicate that the tobacco blight, which has already cost Central Kentucky growers \$250,000, is not spreading to any great degree. The Experiment Station staff is at work on a remedy for the two diseases believed to be at the bottom of the trouble. In a statement issued J. Morgan Gentry, president of the Growers' Tobacco Warehouse Company, said that he did not believe the situation would become alarming unless weather conditions are unsatisfactory. Both of the diseases, "rust" and "wildfire," are spread by the wind.

## Dandruff was killing my hair

"My head itched unbearably and my hair was coming out by the handful. A few applications of Wildroot loosened and removed quantities of dandruff—the itching stopped. Today it is thicker and more beautiful than ever."

Wildroot Liquid Shampoo or Wildroot Shampoo Soap, used in connection with Wildroot Hair Tonic, will hasten the treatment.

## HOME STUDIES IN FINANCE

While the prices of so-called "necessities" have appreciably increased, all the official statements on finance given out at Washington show that mortgage security prices have gone down to such a point that the investment opportunities were never better than now. Good securities bearing high rates of interest are apparently interesting people all over the country, and the era of "spending" is giving way to a period of investment. The old-time advice to people to invest in their local public service institutions seems to be proving interesting to many people, and the "home ownership" policy of owning the enterprises that serve the public is taking root.

## BOARD OF EDUCATION ELECTS SCHOOL TEACHERS

At a recent meeting of the County Board of Education, teachers for all public schools of the county except the Millersburg High School were selected. The meeting was presided over by Superintendent J. B. Caywood.

The list follows:

Division 1—Centerhill, Susie Clay, Allie McCleod, Josephine Shawhan and Katherine Burberry; Clay's Cross Roads, Birdie Clay Webb, and Fords Mill, Elizabeth Clayton.

Division 2—Palmer, Nora Hudson, Kiser, Minnie Kiser, Shawhan, Isabelle Mermee, Ruddle Mills, Osa Lowe, and Eals, Thelma Squires.

Division 3—McIlvaine, Mary Boston, Colville; Mrs. J. A. Bowles, Purdy, Dorcas Williams, and Tarr, Lina Crowe.

Division 4—Deaver, Bessie Sweeney, Letton, Sallie Squires, Cane Ridge, Mary Ross, and Burris, Frankie Crouch.

Division 5—Spears Mill, Elizabeth Hudnal, Stony Point, Susie Montgomery, and Escondida, Miss Scott.

Division 6—Clintonville, Laura Jett, Bethlehem, Elizabeth Donnell, Hutchison, Jennie Link and Monterey, Janie Bronston.

Negro teachers selected were: Centerville, Howard Buckner, Brentsville, Mary Davis, Currentsville, Louise Evans, Ruddle Mills, Elizabeth Parker, Millersburg, Charles Bland, Emma Butler, W. J. Callery, Little Rock, Daniel Carmon, Mattie Turner, and Madeline Butler, Clintonville, Sidney Harrison, Sidville, Evelyn Mark, Hutchison, Nora Blanton.

The schools will open the first Monday in September, but the board voted that teachers could open their schools earlier with the approval of the trustees of the school.

Examinations for all teachers without proper certificates will be held in Superintendent Caywood's office on Friday and Saturday, August 6 and 7.

Superintendent Caywood announced that a car load of coal will arrive in a few days and requested trustees to be ready to haul it.

The sale of the Millersburg Military Institute property to the county board for a high school, over which an injunction proceeding instituted was decided in favor of the county board, was again brought up. The board indicated that nothing short of an advance of \$30,000 over the purchase price would be considered.

Superintendent Caywood announced teachers for the Millersburg High School were now under consideration and their selection would be announced next week.

## END OF EIGHT YEARS MISERY

Used Lydia E. Pinkham's Vegetable Compound and Recovered.

Newark, N. J.—"The doctor said I had an organic trouble and treated me for several weeks.

At times I could not walk at all and I suffered with my back and limbs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine and tried it with splendid effect. I can now do my housework and my washing. I have recommended your Vegetable Compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial."

—Mrs. THERESA COVENTRY, 75 Burnett St., Newark, N. J.

You are invited to write for free advice. No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

## BIG SALE OF REGISTERED Duroc-Jerseys.

Forty-four head of registered Duroc-Jersey hogs were sold Tuesday at Walter S. Meng's Bridgeway Farm, near North Middletown, for \$12,915, an average of \$295. The sale was the first of a series of five to be held in Central Kentucky this week. The top price was paid for an Orion Cherry King sow, which went to Enoch's Farm, Fernwood, Miss., for \$1,175. McKee Brothers, Woodford county breeders, paid \$700 for another sow, Cherry King Orioness, by the same boar.

Several of the farmers around North Middletown purchased one or more and 25 head or 59 per cent of the entire offering remains in Central Kentucky.

The second sale of the Kentucky series of Duroc-Jersey hog sales was held Wednesday at J. A. Serpell's Mayfield Farm, six miles from Lexington on the Russell Cave pike. This was one of the most enjoyable sales of live stock ever held in the Blue Grass of Kentucky. Mr. Mr. Serpell sold forty-five hogs for \$13,027, or an average of \$290. This was considered very good, since fourteen late fat girls and two spring girls were included in the offering. The top of the sale was \$956 paid for the junior yearling, Ultimus Model Girl, the first animal to enter the ring, Highland Oaks Farms, Pierce, Fla., were the successful bidders.

## Y. M. C. A. NOTES.

In addition to the Camp Daniel Boone awards previously reported Albert Wright won the bronze triangle and life-saving awards.

Two electric fans for drying the hair have been installed in the ladies' dressing room in anticipation of the large number of women who will take swimming lessons during the special campaign of August 2 to 10.

Miss Jessie Rose, the Y's office secretary, is taking a ten-days' vacation. Miss Rose is a valuable helper, and has earned her vacation by hard work and close attention to her duties.

The following boys who successfully passed the beginners' swimming test have been awarded the Beginners' Swimming Badge: John Bower, Julian Howe and John Cahal. This brings the total to twenty-one who have passed the test since June.

## RARE OLD ENGRAVING PRESENTED TO SOCIETY

Mr. Henry Cleveland Wood has presented to the State Historical Society of Frankfort a valuable gift in a rare old engraving of Frankfort taken when the Capitol City was a mere village. It shows the scattering houses, a building in the center of the main street that is evidently an old market house, the penitentiary surrounded by its high walls and what is evidently the old capitol when it was first erected.

## RELIGIOUS.

## PRESBYTERIAN CHURCH

Does the church need to put on its fighting clothes? Does Christianity need an issue of "Olive Drab"? Does religion need to have more barb wire in it? Do Christians need to lay aside the palm branches and take up the sword? "The Church Militant" is the subject of the morning sermon at the Presbyterian church. Come and think on these things. "Interesting Topics For the Hot Month" will be given at the Presbyterian church for the four remaining night services of the Presbyterian church.

## DISAPPEARANCE MADE "SOME SENSATION."

The Cynthiana Democrat makes the following reference to newspaper stories sent out from Paris concerning the mysterious disappearance from her home of Mrs. J. R. Blanke:

"Friday's daily papers made a sensation out of the disappearance of Mrs. J. R. Blanke from her home near Ewalt's Cross Roads, in Bourbon county, Thursday night. Descriptions were telegraphed the police in Lexington and other cities, and the whole country-side joined in the search for her. Mrs. Blanke, however, after leaving the house and while walking on the road was taken into an automobile by parties from Cynthiana, who were returning from Lexington, and at her request was brought to Cynthiana, where she spent the night at the home of Dr. and Mrs. J. M. Rees. Before marriage Mrs. Blanke was Miss Sue Bennett, of Roanoke, Va. Mr. Blanke was formerly buyer for the Liggett & Myers Tobacco Co., on the Cynthiana market. They have been married about two years, and for a while boarded in Cynthiana before Mr. Blanke bought the farm in Bourbon county."

## BLUE GRASS FAIR CATALOGUES

The catalogue of the Blue Grass Fair, which is to be held at the course of the Kentucky Trotting Horse Breeders' Association, Aug. 30 to Sept. 4, is being distributed.

With racing every day, three big passenger-carrying aeroplanes and superior exhibits in every field of agricultural, horticultural and live stock endeavor, the best fair in the history of the Association is expected.

Frazer Newberry's Military Band will furnish the music for the fair. It has performed at a number of State fairs and is highly recommended as a pleasing and effective musical aggregation of twenty-five pieces.

The usual Midway attractions have been provided, the best of the kind in the country.

## PICTURE PROGRAM AT GRAND AND ALAMO

To-day, Friday, August 6.—Bessie Barriscale, in "Hearts Asleep," Warner Oland and Eileen Percy, in "The Third Eye," Snub Pollard Comedy, "Grab The Ghost."

To-morrow, Saturday, August 7.—Douglas McLean and Doris May, in "What's Your Husband Doing?" Harold Lloyd, in special comedy, "Captain Kidd's Kids!"

Monday, August 9.—Olive Thomas, in "The Flapper;" Mr. and Mrs. Carter, Dehaven, in "Teasing The Soil;" Pathe Review.

Gregg's Orchestra plays afternoon and night. Added attraction to-day and to-morrow—Delando, Mystic, Crystal Gazer, Seer.

## NOTES OF THE LODGES

Five candidates received the First Rank at the meeting of Rathbone Lodge, K. of P., held last night.

The Third Degree in Odd Fellowship was conferred on Claude Ballard, of Paris, at the meeting of Bourbon Lodge, held Monday night. Two applications for membership were acted upon favorably.

Remember the date of the Endowment Fund Drive, Sunday, August 29, at the Paris Opera House. Able speakers, music by the Odd Fellows' Boys and Girls bands, recitations, songs, etc., by the 125 orphans. Every Odd Fellow is expected to "Give to the Endowment Fund."

## DELANDO TELLING THINGS AT THE GRAND.

Delando, mystic and crystal gazer, is proving a big drawing card at the Grand Opera House, as an added attraction this week. The house has been crowded at each performance, the interest in the seer's revelation remaining unabated.

Questions prepared by persons in the audience placed in envelopes and sealed were taken to the stage, where Delando gave more or less satisfactory answers. His performances are mystifying, to say the least, and are exciting the wonder of his big audiences.

## MAIN STREET IMPROVEMENTS.

A force of workmen has been busy several days this week, in connection with the big steam roller, in making much-needed improvements on Main street. The chugholes that have caused a large amount of profanity on the part of drivers of vehicles are being filled up with crushed rock with a top layer of Kentucky rock asphalt, and rolled down so as to make a good finish. It is hoped the improvement will be a permanent feature. The exceedingly hard nature of the material that had been put down made it a difficult matter to remove, but the work of resurfacing is being done in a good manner.

## REUNION OF THE SHROPSHIRE FAMILY.

The fifth annual reunion of the Shropshire family was held at the old home of the family in Bourbon county, which is now occupied by Mr. and Mrs. Walter Henderson Shropshire.

Forty-nine lineal descendants of James Harvey Shropshire and his wife, who was Marie Louise Harcourt, were present, and the "in-laws" brought the attendance up to seventy-eight, out of a possible ninety-six. Four of those present were of the first generation, thirty-nine of the second, thirty-two of the third, and three of the fourth. The officers are:

Mr. James H. Shropshire, Harrison county, president; Mr. Walter Shropshire, Scott county, vice president; Mrs. Thomas Bullitt McCoun, Franklin county, secretary; Mr. Walter Henderson Shropshire, Bourbon county, secretary; Mrs. John L. Waits, Henderson county, historian.

The Bourbon county representatives attending the reunion were: Mrs. Wm. O. Shropshire, Mr. and Mrs. Walter Henderson Shropshire, Mrs. Annabelle Wallace, Rev. Newton L. Shropshire, Mr. and Mrs. Carlie Wilmoth, Myra Wilmoth, Mary Wilmoth, and Anna Wallace Shropshire.

## SUIT IN EQUITY

A suit in equity affecting oil matters, has been filed at Lexington, in the office of Spencer L. Finnell, Clerk of the United States Court for the Eastern District of Kentucky, by H. Clay Howard and others, against the Carter Oil Co. The plaintiffs say they own a seven-eighths interest in minerals and timber on a tract in Lee, Powell and Wolfe counties. The defendant, says the petition, has been drilling wells on the tract, and is removing oil. The plaintiffs ask for a writ of subpoena against the defendant and that defendant be required to make a full answer to the bill of complaint. They also ask for judgment for any money found due upon an accounting.

## TAX COMMISSIONER'S NOTICE.

Wishing to correct a mistaken idea that seems to be current relative to the law governing listing of taxes, we wish to notify the public that the law is the same as last year, and it is each one's duty to report in person, if possible, at our office in basement of Court House. ## Next Tuesday and Wednesday, Aug. 10 and 11

When the "Red Star" was put on the market the secret of efficient cooking with the cheapest kerosene was made public. The perfection of the "Red Star" made possible for the first time the use of kerosene or other cheap oils without the aid of wicks or substitutes for wicks. It made possible a complete vaporization of all the heat units of oil and increased heating efficiency over thirty per cent.

The "Red Star" is really a gas range. It produces its own gas from any grade of liquid fuel. It increases heating efficiency over thirty per cent.

Competent, official judges and countless housewives have proclaimed it to be the most efficient and economical oil stove ever offered to American women.

## Famous "Double - Ring Flame" Burner

It is the patented eight and one-half pound burner that is responsible for the great achievement of the "Red Star" oil range. This burner vaporizes all of the heat units of the fuel, leaving no trace of odor or smoke. It heats quickly. It can be heated to a fiery red heat or held to a low, even flame for slow cooking. It concentrates a double ring flame directly under the utensil.

## Beautiful, Efficient, Economical

Not only is the "Red Star" efficient and economical to operate, but it is a beautiful range. It is designed like a city gas range, a credit to any kitchen. It is raised on substantial legs, which permits sweep-

ing under and around the stove. It is a sturdily built stove, capable of a lifetime of faithful service.

#### TWO WILLS LODGED FOR PROBATE.

By the terms of his last will and testament, which was probated in the County Court, the estate of Col. E. F. Clay, who died at his home near Paris, July 25, is left to his widow and children. The estate consists in part of the beautiful home place of six hundred acres, located on the Cynthiana pike, near Paris, and the Clay summer home in Eustis, Florida.

Col. Clay's sons, Brutus J. Clay, of Charleston, W. Va., and Buckner Clay, of Atlanta, Georgia, qualified under the will as executors of the estate without bond, and will dispense with same.

The last will and testament of the late Col. John Cunningham was lodged for record in the office of County Clerk Pearce Paton. The document has not been admitted to probate.

# MARTEN'S HEARING POSTPONED.

NEW YORK, August 5.—Deportation proceedings against Ludwig C. A. K. Martens, unrecognized ambassador from Soviet Russia to the United States, have been postponed indefinitely. Resumption of the hearing will be at the call of the government and it is thought the continuation may be for one month. While awaiting the opening of Monday's hearing Martens predicted the capture of Warsaw by the Soviet army within two days unless the Polish and Russian armistice delegates can reach an agreement.

# QUESTION CLEARED UP

Paris Readers Can No Longer Doubt the Evidence.

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Paris' pertinent question has always been "Has anyone here in Paris been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

Geo. McCandles, Second street, Paris, says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the troubles and they gave me complete relief."

NO TROUBLE SINCE  
Over four years later, Mr. McCandles said: "I haven't had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandles had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## NEWPORT WOMAN SAYS IT'S GRAND

Before Taking Tanlac She Had To Spend Half Her Time In Bed.  
Gains 22 Pounds.

"Although it has been four years now since Tanlac restored my health I am still feeling fine," said Mrs. Jennie Williams, 141 Fourteenth and Central avenue, Newport, Ky., recently.

"Yes, sir, it not only restored my health, but I gained twelve pounds by taking it," said Mrs. Williams. "I had been suffering from stomach trouble for at least four years before I began taking Tanlac. My appetite was very poor and I got to where I suffered so much after meals I just dreaded to eat and often went as much as two or three days without eating a thing. I would bloat up badly with gas without eating a thing. I would bloat up badly with gas that pressed against my heart until it palpitated dreadfully and I could hardly get my breath. Then, too, my food felt heavy and caused intense pains in the pit of my stomach. At last, I was put on a milk diet, but in spite of this and the fact that I tried all kinds of treatments and medicines, I continued to grow worse. My nerves were so upset I could never get a good night's sleep and always felt tired and worn out in the mornings. I also lost considerable weight, finally getting so weak I could not do my housework, spending about half my time in bed.

"By the time I had taken half a bottle of Tanlac I noticed I was getting better and by the time I had finished my fourth bottle I was feeling as good as I ever did in my life. I have a splendid appetite, can eat just anything I want and everything agrees with me perfectly. My nerves are in such fine shape I can sleep like a child all night long. In fact I just feel like a new woman, and can do my housework with as much ease as ever. From that day to this I have never had the slightest touch of my old troubles and have enjoyed the best of health. At the time I began taking Tanlac my sister and cousin also started on it, and it did them a world of good."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

### REWARD WANTED FOR TRIP-LETS.

One of the most peculiar requests that ever came to a member of Congress has been sent to Representative King Swope.

The writer, a man named McWhorter, who evidently was illustrated to the point where he forgot to sign his first name and whose home is at Hustonville, Lincoln county, Ky., wrote to the solon to announce the arrival of triplets, Essie, Dessie and Jessie, at his home and request information as to whether there is any reward offered either by the government or the State for such an achievement.

The Congressman's private secretary replied in a sympathetic vein, saying that if there isn't such a reward there ought to be.

### LEMON JUICE

#### FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well and you will have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. (adv-t-f)

here Wednesday, about sixty directors and agents being present. The report of the auditing committee showed a net gain in reserve fund of \$26,569.22, for the year, in excess of the loss occasioned by writing down of bonds to the present market value; an increase of insurance in force for the year of \$1,686,910, and reported an exceedingly low loss ratio for the year, making the most successful year's business yet shown by the company. Messrs. C. H. Dalzell, of Paris, R. L. Gillispie, of Carlisle, and A. C. Downing, of Lexington, were elected as members of the Executive Committee of the Company. During the afternoon an agents' meeting was held in joint session with a meeting of the Executive Committee of the Company. Mr. C. C. Chanslor was elected as assistant secretary for the coming year. Dinner was served to the directors and agents by Mrs. O. E. Hurst and friends at the Millersburg College, about seventy persons partaking of the most excellent repast served in the commodious dining room of the college. This company, which is confined to twelve counties surrounding and near to Bourbon, now carries \$8,370,000.00 insurance in force and carries a cash reserve fund of \$100,061.00 in excess of liabilities, and is in the lead of all purely mutual farm fire insurance companies of the South. This meeting was attended by the largest number of delegates and agents that has ever been present at one of these annual meetings.

## MATRIMONIAL.

—The following marriage licenses were issued Wednesday from the office of County Clerk Pearce Paton: J. W. McCluey, 39, and Mrs. Dora Parker, 44; Omar Myers, 25, and Miss Ethel Buchanan, 27, all of Paris.

—Dan Cupid, cunning little matrimonial broker and specialist in heart affections, flitted in THE NEWS office yesterday, sans clothes and wearing the customary cute little sash around his anatomy. He bore the usual quiver filled with love darts, but where were two missing. Seating himself on the edge of the desk, Dan, with a knowing little smile, said: "Well, old chap, I've got some news for you. Shot a dart some time ago at one of your Paris business men, and one at a charming little girl in Cincinnati. Both took effect right in the right place. The rest I left to them. I heard on my way up here that the wedding is to take place in Cincinnati next Monday. You know them. Guess I'll be on my way." And with this the little fellow took his departure, turning at the door, to say, "Tell all inquiring friends to wait until Monday."

## JOUETT—WINN.

—Mr. and Mrs. Edward Stockton Jouett, of Louisville, announce engagement of their daughter, Miss Virginia Catherine Jouett, to Lieut. John Sheridan Winn, Jr., 12th Field Artillery, United States Army, stationed at Camp Travis, San Antonio, Texas. The wedding will take place in the autumn. The bride-elect is a sister of Mrs. J. Withers Davis, formerly of Paris.

## HOME COMING FOR ODD FELLOWS HOMERS.

Officials of the Odd Fellows' Widows' and Orphans' Home, at Lexington, in conjunction with the Grand Lodge officers, are planning for a big home-coming and reunion of all former inmates of the Home since its establishment twenty-two years ago. Two days—Aug. 25 and 26—have been selected for the occasion, and it is planned to make it a notable affair. Grand Secretary R. G. Elliott states that this is the first reunion of the kind ever undertaken by the order in Kentucky, and, if it is a success, as it is expected to be, he says that it will be made an annual event. Since its founding a total of 430 children have been reared in the Home, and of this number many are married and scattered throughout the country. Grand Secretary Elliott, assisted by officials of the home, will prepare an appropriate program for the homecomers, and he confidently expects that there will be practically a unanimous response to the invitations sent out.

## STOCK, CROP, ETC.

W. A. Thomson, representing the Consolidated Dressed Beef Co., of Philadelphia, made the following purchases in this county Tuesday: Thirty head from J. Hal Woodford, for 15¢ a cent a pound; eighty head from Woodford Buckner for 15¢ a cent a pound; twenty-five head from Buckner Woodford for 15¢ a cent a pound; thirty-six head from H. B. Thompson for 15¢ a cent a pound.

Caywood & McClintock, of Paris, shipped to the New York market 1,300 head of lambs for which they paid thirteen cents a pound; two two carcasses of butcher cattle to the Cincinnati market, costing them from six to ten cents a pound, and one carload of hogs that cost from fourteen to 14½ cents a pound.

Yes, Alfred, before marriage a woman is pensive, but after marriage she is expensive.

The meaning of "Dr." depends altogether upon whether it is placed before or after a man's name.

When a woman tugs at a man's heart strings it's likely to pull at his purse strings.

## DEATHS.

## HOPPER.

—W. R. Hopper, aged eighty-two, a prominent farmer of the Headquarters neighborhood, in Nicholas county, died suddenly at his home Monday afternoon. The body was discovered by a rural mail carrier, who called at the house and could get no response.

Mr. Hopper was twice married, both wives preceding him to the grave. He is survived by two children, Mrs. J. D. Shy, of Paris, and E. A. Hopper, of Evansville, Ind. He was a devoted member of the Baptist church, and was a Union veteran, having served in the Seventh Kentucky Cavalry.

The funeral was held Wednesday morning at eleven o'clock, in the Carlisle Baptist church, with services conducted by the pastor. The burial followed in the Carlisle cemetery.

## HARRISON COUNTY TO HELP ROAD BUILDING

The Harrison County Fiscal Court accepted the proposition of the synchiana Business Men's Club to cooperate in the reconstruction of parts of three pikes—Ruddles Mills, Paris and Jacksonville—connecting with the Bourbon county line. The Business Men's Club will pay for the services of a special road engineer, who will employ hands and oversee the work, and the county will furnish material, pay the hands and use the county's road machinery.

THIS IS THE  
"Exide" Starting & Lighting Battery

the automobile battery that "costs most to make but least to use"

The view is a cut-away one and shows:

- the famous unit-cell assembly that means more power in less space,
- the patented non-flooding filling plugs that prevent corrosion and decay,
- the tough, semi-flexible jars are made to meet the most severe demands of starting and lighting battery service,
- the extra sturdy case that is built for endurance,
- the specially treated hard wood separators and the refined "Exide" plates that assure long life.

Every "Exide" feature is a service-proved feature; each one plays an important part in making "Exide" Battery performance a consistent and dependable one.
